

SEVERE NAVIGATION RESTRICTION NOTICE Environment Agency

RIVER NENE

DATE: 31 March 2020 – Until Further Notice

LOCATION: 170m Downstream of Alwalton Lock

DETAILS:

Boaters are advised that owing to the recent and much prolonged SSA we believe the shoal opposite the sluice outlet at Alwalton has returned.

We believe this area to be impassable at this time and strongly advise you not to attempt to navigate through, or around it. Currently, due to restrictions on movement, we are unable to deploy staff in order to confirm the presence or buoy off the affected area.

We apologise for any inconvenience caused and assure you we will mark with buoyage as soon as practical.

You are reminded that boating movement should be restricted to those heading back to home moorings and for essential supplies / pump outs for those whose boat is their primary residence

For further information, please contact the Environment Agency on 03708 506506 between 9am and 5pm Monday to Friday and ask for the Waterways team in the Lincolnshire & Northamptonshire Area.

Irven Forbes

Waterways Manager
